

## **CORINDUS VASCULAR ROBOTICS TO REPORT SECOND QUARTER 2017 FINANCIAL RESULTS ON AUGUST 8, 2017**

**WALTHAM, MA. — JULY 25, 2017** — Corindus Vascular Robotics, Inc. [NYSE MKT: CVRS], a leading developer of precision vascular robotics, today announced that it will release financial and business results for the second quarter of 2017 after the close of trading on Tuesday, August 8, 2017. The Company's management team will host a corresponding conference call beginning at 4:30 p.m. ET to discuss the financial results and recent business developments.

Investors interested in listening to the conference call may do so by dialing (877) 201-0168 for domestic callers or (647) 788-4901 for international callers (Conference ID: 49020364), or from the webcast on the "Investor Relations" section of the Company's website at: [www.corindus.com](http://www.corindus.com) Following the call, an audio replay will be available on the "Investor Relations" section of the Company's website.

### **About Corindus Vascular Robotics, Inc.**

[Corindus Vascular Robotics, Inc.](http://www.corindus.com) is a global technology leader in robotic-assisted vascular interventions. The company's CorPath<sup>®</sup> System is the first FDA-cleared medical device to bring robotic precision to percutaneous coronary interventions. During the procedure, the interventional cardiologist sits at a radiation-shielded workstation to advance guide catheters, stents, and guidewires with millimeter-by-millimeter precision. The workstation allows the physician greater control and the freedom from wearing heavy lead protective equipment that causes musculoskeletal injuries. With the CorPath System, Corindus Vascular Robotics brings robotic precision to interventional procedures to help optimize clinical outcomes and minimize the costs associated with complications of improper stent placement during manual procedures. Corindus stands behind its product with its unique \$1,000 hospital credit "One Stent Program."
